

Features Husqvarna K 3600

- Hydraulic gear motor
- Peripheral drive
- Adjustable front handle
- Automatic start for water flow
- The machine's unique power-to-weight ratio and hydraulic drive make for a very efficient and easily manoeuvrable handheld cutter.
- A 260 mm cutting depth with a 350 mm blade, thanks to the unique eccentric drive.
- Stable support rollers for easy adjustment and blade change.
- Sealed drive and roller system.
- Adjustable front handle and convenient, integrated water adjustment makes operation easier and more efficient.
- Large lower spray guard and integrated support foot.
- Low weight and ergonomic design.
- Simple service and cleaning.
