

Floor Cleaning System

Technical Data Sheet

Husqvarna CLEAN & PROTECT

CLEAN & PROTECT is a natural soap, specially developed as a cleaning and treatment solution for daily cleaning of concrete and stone floors. The soap is entirely based on natural products, and the mixed solution has a pH of ~9,5. The solution leaves a durable upper surface that simplifies future maintenance.

Application

Husqvarna CLEAN & PROTECT can be used on all kinds of concrete and stone floors that are tolerant to water. Application areas are e.g. industrial floors, market halls, logistic centers, supermarkets and in private homes. Suitable for both indoor and outdoor use.

Processing

First clean the floor with a cleaning mop or an auto scrubber.

The product may be mopped onto the floor using a microfiber mop, or used through an automatic scrubbing machine with a white polishing pad, a natural hair pad or a 3000 grit diamond impregnated Husqvarna HIPERCLEAN pad.

Buff the cleaned floor with a 3000 grit diamond impregnated or white polishing pad for increased shine. Clean equipment with water.

Consumption rate

FOR DAILY CLEANING: Mix 0.5–1 part CLEAN & PROTECT with 100 parts water (0.5–1 dl/10 L water)

Storage

Store in tightly closed original container. Keep in a cool, well-ventilated place. Keep out of frost. Avoid high temperatures, max. temperature 35°C. Shelf life: 3 years. Production date is written on the canister.

Environmental Protection

EWC waste code: 0706 wastes from the MFSU of fats, grease, soaps, detergents, disinfectants and cosmetics. Not classified as hazardous waste. The product is readily biodegradable. The product is water soluble and may spread in water systems. Absorb spillage with suitable absorbent material. Wash contaminated area with water. Dispose of waste according to applicable legislation. Completely emptied packages can be recycled.

Health & Safety

Husqvarna CLEAN & PROTECT contains natural soap, gluconate, perfume and water. It does not contain any PBT or vPvB substances.

It is labelled according to Regulation (EC) No. 1272/2008 [CLP] and is classified as not hazardous.

Husqvarna CLEAN & PROTECT may be slightly irritating to skin and eyes. pH value in delivery state: ~ 10,5
pH value in aqueous solution: ~ 9,5 (Concentration: 1 %)

If on skin, rinse with water. If swallowed, rinse mouth and drink milk. Get medical attention if any discomfort continues. IF IN EYES: Immediately rinse with water for several minutes. Make sure to remove any contact lenses from the eyes before rinsing. Contact physician if irritation persists.

No dangerous good in sense of transport regulations.
