MVCF80H VAS CART
Weight 81kg
Plate(mm) 570x450
Cent. force 13.7kN
Honda GX160 5.0hp

Fitted wheel kit

MVCT90HC
Weight 91kg
Plate(mm) 530x500
Cent. force 16.0kN
Honda GX160 5.0hp

Optional rubber mat

Mikasa Tamping Rammers With outstanding compaction ability and balance.

MTR40H (Petrol)
Weight 46kg
Plate (mm) 270x100
Impact force 5.4kN
Honda GX100 3.0hp

MTX50H (Petrol)
Weight 58kg
Plate (mm) 340x220
Impact force 10.3kN
Honda GX100 3.0hp

MTX60E (Petrol)
Weight 64kg
Plate (mm) 340x265
Impact force 13.6kN
Honda GX100 3.0hp

MTX70E (Petrol)
Weight 75kg
Plate (mm) 340x285
Impact force 14.9kN
Honda GX100 3.0hp

MTX85DY (Diesel)
Weight 93kg
Plate (mm) 340x285
Impact Force 15.6kN
Honda GXR120 3.6hp

Mikasa Vibration Rollers

Double drum drive and double drum vibration. Built-in water tank, hydrostatic drive and spray bar.

MRH-700GS
Weight 680kg
Drum (mm) 355Dia 650W
Cent. force 10.8kN
Honda GX390 13hp

Tracgrip Pedestrian Roller

Single drum. Efficient performance & easy maintenance. Non-corrosive water tank.

TG45S
Weight 430kg
Drum (mm) 550Dia 750W
Cent. force 12.5kN
Honda GX270 9hp Petrol

Easi-load Tilt-deck Trailers

Custom tilt trailer to suit Mikasa Reversing Plates.

Mikasa Reversible Plate Compactors Ideally suited for civil engineering, construction and drainage contractors as well as the hire industry. They offer a high compaction capacity, travel speed and feature a full hydraulic reversing mechanism.

Fold-up handle

POSITIVE THROTTLE ENGAGEMENT
Exclusively on diesel machines. Guarantees full throttle operation and maximum compaction by eliminating midpoint RPM.

EASY SERVICE
Serviceability with easy access to all maintenance points.

OPTIONAL FEATURE:

DIGITAL DISPLAY
Hourmeter - allows accurate tracking of hours and maintenance intervals. **Tachometer** - displays engine RPM while in operation.

COMPACTION METER
The new Mikasa 'Compass' compaction meter is a measuring and display system for continuous compaction control - located in clear view of the operator. Available on 308,408 & 508 Models.

2 YEAR WARRANTY

2 Year (24 Months) Warranty* on Mikasa & HATZ Engines based on service & maintenance contract. * Conditions apply.

COMPACTION

ARX12 / ARX16

Working Width 820 - 900mm
Operation Weight 1475 - 1520kg

Combination type
pneumatic rear tyres

ARX23-2 / ARX26-2 ARX40-2 / ARX45-2

Working Width 1000 - 1380mm
Operation Weight 2230 - 4690kg

ARX16K / ARX23-2C / ARX26-2C ARX40-2C / ARX45-2C

Working Width 900 - 1380mm
Operation Weight 1450 - 4320kg

Remote
controlled

ARR 1575

Working Width 640 - 850mm
Operation Weight Max 1450kg
Remote Controlled

Light Tandem Articulated Vibratory Roller

Ammann tandem rollers in the 1-4.5 tonne class offer full-flush compaction both sides of the machine, double drive front and rear as well as double vibration at front and rear. The dash-2 series of light tandem rollers features a quick drum adjustment from offset to in-line configurations. Rollers that are offset are able to work close to obstructions.

Heavy Articulated Tandem Roller

Ammann ARX tandem rollers were developed to meet the demand of today's road building projects worldwide to compact asphalt sub-layers and wearing courses as well as gravel and soil. The unique design reflects the combination of high-performance compaction as well as operator safety and comfort.

AV70X / ARX90 / ARX110 / ARX130

Working Width 1450 - 2100mm
Operation Weight 7365 - 13030kg

Heavy Single Drum Roller 7-22t

The extraordinary safety, excellent compaction performance and modern design of heavy-weight Single Drum Rollers guarantee high efficiency and best results even under the toughest working conditions.

ARS70 / ARS110 / ARS130 ARS150 / ARS170 / ARS200 ARS220

Working Width 1680 - 2240mm
Operation Weight 6490 - 26060kg

Rammax Trench Rollers

The articulated trench rollers produced by Rammax are developed for various applications on heavy terrains. Can navigate around manholes without difficult steering.

Ammann ARR 1575 Trench Roller has an optional extra intelligent compaction system.

The system, ACEecon, eliminates guesswork by measuring compaction progress in real time. The information is communicated to the operator via an LED display on top of the machine.

Infra-red remote control - machine automatically stops without direct visibility, automatically stops outside 2-20M.

Paver

The AFW150-2 is a unique machine that has no competitors in the market. The tight turning radius and clearance width make it ideal for paving footpaths and handling repair work in narrow surroundings. The paver is easy to transport and allows a fast set-up on the jobsite.

ART280

Ammann's new tyred roller features a new cab and a unique ballasting system that can be quickly and significantly adjusted.

Mini Excavators Reliability, greater visibility, lower noise levels and ease of operation are key benefits of the KATO Mini excavator range.

HD12VXE
Operating Weight 1180kg
Max Digging Force 11.86kN (1210kgf)
Engine YANMAR 3TNM68

HD17VXE
Operating Weight 1690kg
Max Digging Force 15.7kN (1600kgf)
Engine YANMAR 3TNV70

HD19VXT
Operating Weight 1745kg
Max Digging Force 15.7kN (1600kgf)
Engine YANMAR 3TNV70

HD19VXT Cabin
Operating Weight 1905kg
Max Digging Force 15.7kN (1600kgf)
Engine YANMAR 3TNV70

HD25V4
Operating Weight 2555kg
Max Digging Force 19.6kN (2000kgf)
Engine KUBOTA D1305
Options - Cabin or Rops Canopy

HD30V4
Operating Weight 3105kg
Max Digging Force 29.1kN (2970kgf)
Engine YANMAR 3TNV88
Options - Cabin or Rops Canopy
- Steel or Rubber Tracks

HD35V4
Operating Weight 3525kg
Max Digging Force 29.1kN (2970kgf)
Engine YANMAR 3TNV88
Options - Cabin or Rops Canopy
- Steel or Rubber Tracks

HD45V4
Operating Weight 4855kg
Max Digging Force 31.0kN (3160kgf)
Engine KUBOTA V2403-DI
Options - Cabin or Rops Canopy
- Steel or Rubber Tracks

HD55V4
Operating Weight 5215kg
Max Digging Force 31.0kN (3160kgf)
Engine KUBOTA V2403-CR
Options - Cabin or Rops Canopy
- Steel or Rubber Tracks

HD60V4
Operating Weight 5575kg
Max Digging Force 41.2kN (4800kgf)
Engine KUBOTA V2403-DI
Options - Cabin or Rops Canopy
- Steel or Rubber Tracks

HD85V4
Operating Weight 8440kg
Max Digging Force 55kN (5608kgf)
Engine YANMAR 4TNV98C
Options - Cabin or Rops Canopy
- Steel or Rubber Tracks

DIGGER & TRAILER PACKAGES
IN STOCK NOW

EXPANDING TRACKS
Hydraulic expanding tracks fitted to the HD12VXE, HD17VXE, HD19VXT & HD35V4 models.

Hydraulic Breakers and Accessories

Fine silenced "X" series and close type hydraulic breakers.

Fine number 1X - 23X

Weight 120kg - 1760kg

Suits Excavator 0.8-1.5 Tonnes - 22.0-28.0 Tonnes

FINE 3X
Weight 145kg

Kato Mini Dumpers:

KATO Tracked Dumpers are ideal for transporting and moving various kinds of materials around the work yard and in places that are difficult to access.

CARRY 105
Capacity 500KG
Unit Weight 290 Kg
Honda GX200 6.5Hp

CARRY 105.LS
Capacity 500KG
Unit Weight 345 Kg
Honda GX200 6.5Hp
C/w Loading shovel

CARRY 105EL
Capacity 400KG
Unit Weight 375 Kg
Electric fast charge

CARRY 107.HT
Capacity 700KG
Unit Weight 615 Kg
Honda GX390 13.0Hp

CARRY 107.HTLS
Capacity 700KG
Unit Weight 665 Kg
Honda GX390 13.0Hp
C/w Loading shovel

CARRY 110
Capacity 1000KG
Unit Weight 930 Kg
Yanmar Water Cooled
14kW

Tuffruk Mini Dumpers:

Tufftruk Wheeled Dumpers are very compact 4x4 mini dumpers with an articulated chassis to navigate bends and corners with ease.

TUFB300G
Capacity 300 Kg
Unit Weight 170 Kg
Honda GX160 4.8Hp

TUFB450E
Capacity: 450 Kg
Unit Weight: 219 Kg
DC Brushless 1.3 Kw

Tuffbelt Portable Conveyor:

Tuffbelt mini-maxi conveyor belts are excellent for hire equipment for builders, landscapers, renovation firms and development or demolition contractors. Ideal for transporting building materials and especially handy for areas with narrow access.

TUFMTB45
Weight 100 Kg
Motor Power 230V / 370W
Belt Speed 24M / min

YRCO Pro Series Waterblasters - Petrol

YR2700AR
 Pressure 2200psi
 Max flow 11 L/min
 Honda GX160 5hp

YR3000AR
 Pressure 2600psi
 Max flow 13.5 L/min
 Honda GX200 6.5hp

Pneumatic tyres.
 14m of hose & gun.

 Honda GX390 13Hp
 Electric Start

Trailerised

YRCO trailerised water blasters are available in a numbers of configurations.

500 Litre single axle fully galvanised trailer with low water cut-out. Match up with one of 4 different engine options.

1000 Litre double axle fully galvanised, braked trailer with low water cut-out. Match up with one of 4 different engine options.

Dual Pressure Washer

DCP-2200
 Weight: 33kg
 Pressure: 2200psi
 Rotary Size: 450mm
 Honda GX200 6.5hp

DPW-2500
 Weight 66kg
 Pressure 2500psi (max)
 Rotary Size 530mm
 Honda GX200 6.5hp

DPW-4000
 Weight 107kg
 Pressure 4000psi (max)
 Rotary Size 610mm
 Honda GX390 13.0hp

Choose your Engine and pressure options below:

Honda GX390
Recoil start
 Pressure 3700psi
 Max flow 17 L/min
 *High pressure hose reel only

Honda IGX390
Electric start
 Pressure 3000psi
 Max flow 21 L/min

Honda IGX390
Electric start
 Pressure 3700psi
 Max flow 17 L/min

Engine: Honda IGX690
Electric start
 Pressure 4000psi
 Max flow 21 L/min

Engine: Kohler KD625.2
Diesel Electric start
 Pressure 3000psi
 Max flow 30 L/min

Electric Runabouts

Self-propelled. Compact design and great manoeuvrability. Simple operation.

Model:	GRC12	GR15	GR20
Working height (max)	5.66m	6.47m	8.02m
Lift capacity (max)	227kg	227kg	159kg
Power	24V	4 x batteries, 6V	
Weight	950kg	1026kg	1148kg

Telescopic Booms

The ultimate in reach and range. Fast set-up and state-of-the-art features.

Model:	S-45XC	S-65TRAX	S-65XC
Working height	15.56m	21.8m	21.81m
Lift capacity	300/454kg	227kg	300/454kg
Power (Diesel)	48hp	48hp	Electric/Diesel
Weight	7282kg	12,519kg	11,673kg

Model:	S-85XC	SX-125XC	SX-135XC
Working height	27.91m	40.1m	43.15
Lift capacity	300/454kg	300/454kg	300/454kg
Power (Diesel)	74hp	74hp	74hp
Weight	18,126kg	20,700kg	21,636kg

Model:	SX-150	SX-180
Working height	48.33	56.89m
Lift capacity	340kg	340kg
Power (Diesel)	74hp	74hp
Weight	2,613kg	25,108kg

Articulating Booms

Self-propelled. Smaller models for tight access, up to large models with extended reach and jib options.

Model:	Z30/20NRJ	Z33/18	Z34/22N
Working height	10.89m	12m	12.52m
Lift capacity	227kg	200kg	227kg
Power	Electric	Electric	Electric
Weight	6622kg	3665kg	5216kg

Model:	Z34/22IC	Z40/23RJ	Z45XC
Working height	12.62m	14.32m	15.56
Lift capacity	227kg	227kg	300/454kg
Power	Electric	Electric	Electric
Weight	4854kg	6940kg	7530kg

Model:	Z45/25JRT	Z51/30JRT	Z60/37FE
Working height	15.86m	17.59m	20.16M
Lift capacity	227kg	227kg	227
Power	Electric/Diesel 48hp	Diesel	Electric/Diesel
Weight	6134kg	7404kg	7686kg

Model:	Z62/40	Z80/60	ZX135/70
Working height	20.87m	25.77m	43.15m
Lift capacity	227kg	227kg	272kg
Power (Diesel)	48hp	78hp	74hp
Weight	10,886kg	17,010kg	20,267kg

Trailer Mounted Booms

Easy to tow and set up. Hydraulic outriggers with automatic levelling system.

Model:	TZ34/20	TZ50
Working height	12.36m	17.1m
Lift capacity	200kg	200kg
Power	DC Electric	DC Electric/Petrol
Weight	1450kg	2200kg

Electric Scissors

Nothing beats a Genie scissor lift for performance and safety.

Model:	GS1330	GS1532	GS1932
Working height (max)	5.9	6.57m	7.8m
Lift capacity (max)	227kg	272kg	227kg
Power	Electric	Electric	Electric
Weight	885kg	1238kg	1500kg

Model:	GS2032	GS2632	GS3232
Working height (max)	8.1m	9.92m	11.75m
Lift capacity (max)	363kg	227kg	227kg
Power	Electric	Electric	Electric
Weight	2027kg	1956kg	2352kg

Model:	GS2046	GS2646
Working height (max)	8.1m	9.92m
Lift capacity (max)	544kg	454kg
Power	Electric	Electric
Weight	1974kg	2447kg

Model:	GS3246	GS4047
Working height (max)	11.75m	13.7m
Lift capacity (max)	318kg	350kg
Power	Electric	Electric
Weight	2812kg	3222kg

Rough Terrain Scissors

Superior gradeability, traction control and standard 4WD for diesel models.

DIESEL

Model:	GS2669RTO	GS3369RTO	GS3384RTO
Working height	9.70m	11.75m	12.06m
Lift capacity	680kg	454kg	1134kg
Power (Diesel)	24.8hp	24.8hp	49hp
Weight	3739kg	3921kg	6743kg

Model:	GS4069RTO	GS4390RTO	GS5390RTO
Working height	14.12m	15.11m	18.15m
Lift capacity	363kg	680kg	680kg
Power (Diesel)	24.8hp	48hp	48hp
Weight	5078kg	6934kg	7776kg

ELECTRIC

Model:	GS2669BE	GS3369BE	GS4069BE
Working height (max)	9.7m	11.75m	14.2m
Lift capacity (max)	680kg	454kg	363kg
Weight	4146kg	4028kg	5371kg

Model:	GS2669DC	GS3369DC	GS4069DC
Working height (max)	9.7m	11.75m	14.2m
Lift capacity (max)	680kg	454kg	363kg
Weight	4002kg	3885kg	5329kg

Super Hoist

A one piece platform that is portable and compact lifting to 3.8m at 136kg and 5.6m at 113kg.

Model:	GH3.8	GH5.6
Working height	3.8m	5.6m
Lift capacity	136kg	113kg
Power	CO ₂	CO ₂
Weight	34kg	37kg

Superlift Advantage

A heavy duty design with a patented telescopic mast system. Can lift from 3.49m to 7.94m and 295kg to 454kg.

Model:	SLA10	SLA15
Working height	3.49m	4.98m
Lift capacity	454kg	363kg
Weight	118kg	151kg

Model:	SLA20	SLA25
Working height	6.46m	7.94m
Lift capacity	363kg	295kg
Weight	184kg	204kg

Superlift Contractor

A heavy duty design with interchangeable load handling attachments. Can lift up to 3.94m at 295kg and 7.32m at 295kg.

Model:	SLC12	SLC18	SLC24
Working height	3.94m	5.64m	7.32m
Lift capacity	295kg	295kg	295kg
Power	Manual	Manual	Manual
Weight	102kg	139kg	157kg

AWP Work Platforms

Ideal for high ceiling lighting and general maintenance duties. Can work at height from 8.12m - 14.29m.

Model:	AWP20ACS	AWP25ACS	AWP30ACS
Working height	8.12m	9.57m	11m
Platform height	6.12m	7.57m	9m
Lift capacity	159kg	159kg	159kg
Power (Battery)	12V	12V	12V
Weight	307kg	330kg	352kg

Model:	AWP36ACS	AWP40ACS
Working height	13.1m	14.29m
Platform height	11.1m	12.29m
Lift capacity	159kg	136kg
Power (Battery)	12V	12V
Weight	461kg	472kg

Material Lifts

A counterbalance weight system capable of lifting weights over obstacles and directly up against walls.

Model:	GL8	GL10	GL12
Working height	3.06m	3.56m	4.2m
Lift capacity	181kg	159kg	159kg
Power (winch)	-	reversible standard	-
Weight	66kg	68kg	70kg

Wienold Lifts - GML800

Powered by AC 240 volts, DC with battery packs or a manual winch. Up to 900kg to be lifted up to 3.5m or up to 800kg to a height of 7.9m.

Model:	AC SERIES	DC SERIES	M SERIES
Lift height	7.90m	7.90m	7.90m
Lift capacity	800kg	800kg	800kg
Power	Elec Winch	12V	Manual
Weight	352kg	352kg	316kg

SLK Series

A counterbalance weight system capable of lifting weights over obstacles and directly up against walls. Can lift up to 450kg to 2m or 300kg up to 7.9m.

Model:	SLK5	SLK10	SLK15
Lift height	2.0m	3.50m	5m
Lift capacity	450kg	450kg	360kg
Weight	98kg	118kg	144kg
Counterbalance	128kg	128kg	128kg

Model:	SLK20	SLK25
Lift height	6.5m	7.9m
Lift capacity	360kg	300kg
Weight	184kg	204kg
Counterbalance	128kg	128kg

WLU Premium

Smaller more compact Wienold Material lift is suitable for tighter sites where larger space is an issue. The chassis is made from solid steel. Max lift height on the WLU/K5P is 5.15m with a capacity of 360kg.

Model:	WLU/K1.7	WLU/K2.8
Lift height	1.7m	2.85m
Lift capacity	400kg	400kg
Weight	97kg	113kg

Model:	WLU/K4	WLU/K5.1
Lift height	4.0m	5.15m
Lift capacity	400kg	360kg
Weight	129kg	145kg

Mini Floor Crane

Classic counterweight with two long, rear-facing arms with counterweights. 900 kg static and 750 kg dynamic payload, which are brought to a hook height of 2.90m.

Model:	750
Lift height	2.9m
Lift capacity	750kg
Weight	490kg

Powered Hand Truck

A universal materials handling solution for one person to lift up to 140kgs.

PHT150	
Lift Height	300mm-1900mm
Lift Capacity	140kg
Weight	44kg

Athena HE-Line

The HE-Line range of tracked scissor lifts is capable of max working height 7.82-14m with a maximum capacity of up to 300kg.

Model:	850-HE
Working height	7.8m
Lift capacity	250kg
Engine	Honda IGX390 13 HP
Weight	1781 Kg

Model:	1470-HE-EVO
Working height	14.0m
Lift capacity	300kg
Engine	Kubota Z602
Weight	3420 Kg

Athena BL-Line

The range of Building Line reaches between 7.9-10m with a maximum capacity of up to 300kg. EVO models can self-level while raised and move at height. There are also Bi-energy options.

Model:	850-BL*
Working height	7.9m
Lift capacity	250kg
Engine	Honda 13HP & Electric 240V
Weight	1781 Kg

Model:	850-BL-EVO
Working height	7.9m
Lift capacity	250kg
Engine	Diesel 11HP & Electric 240V
Weight	2200 Kg

Model:	870-BL-EVO
Working height	7.9m
Lift capacity	250kg
Engine	Diesel 11HP & Electric 240V
Weight	2460 Kg

Model:	1090-BL-EVO*
Working height	10.0m
Lift capacity	300kg
Engine	Diesel 11HP & Electric 240V
Weight	2830 Kg

*Bi energy option available

Spider Lifts

Ideal for hard to reach places, lightweight and dual energy platform spiders will virtually go anywhere. Engine powered and electric.

Model: 13.80
Weight 1760kg
Working Height 12.99m

Model: 15.75
Weight 2060kg
Working Height 15m

Model: 18.90
Weight 2457kg
Working Height 17.6m

Model: 20.95
Weight 2800kg
Working Height 19.4m

Model: 22.10
Weight 2980kg
Working Height 21.7m

Model: 27.14
Weight 5000kg
Working Height 27.0m

Model: 33.15
Weight 6980kg
Working Height 32.4m

Model: RR14 EVO3 Rail Boom
Weight 13400kg
Working Height 14.4m

JT-Line

The JT-Line tracked self-propelled telescopic boom has +/- 15o longitudinal and lateral levelling. This unit also has an active dynamic bi-levelling chassis.

Model:	JIBBI-1250-EVO
Working height	12.2m
Lift capacity	230kg
Engine	Diesel 19,2 HP
Weight	2850 Kg

Model:	JIBBI-1670-EVO
Working height	16m
Lift capacity	230kg
Engine	Diesel 19,2 HP
Weight	3850 Kg

ML-Line

Multi-Loaders are a range of tracked loader with Bi-Levelling technology capable of transporting up to 2,500kg on slopes equal to 20°.

Model:	MULTI LOADER
Lift capacity	2500kg
Engine	Electric 240V
Weight	1800 Kg

Jack Booms

Self propelled or stabiliser jacks to level machine on uneven ground.

Model:	ATN ZEBRA 16RT
Working height	16.8m
Lift capacity	230kg
Power (Diesel)	35hp
Weight	8050kg

Our range of portable clean water pumps, trash pumps, diaphragm pumps and flexi-drive pumps have been manufactured to be user-friendly and portable. Water pumps we stock are durable, reliable, and made with quality components for New Zealand's tough working conditions, and are ideal as portable water pumps for contractors and hire companies.

Clean Water

General all-purpose pumps. Sizes 1" (25mm), 2" (50mm), 3" (75mm) and 4" (100mm). Petrol and diesel models available.

SEH-25L 1" (25mm)
Max flow 115 L/min
Total head 32m

SEH-40H 1" (40mm)
Max flow 280L/min
Total head 43M

SEH50X 2" (50mm)
Max flow 640 L/min
Total head 27m

SEH80X 3" (75mm)
Max flow 1100 L/min
Total head 27m

SCR-50YD Diesel Powered Pump
2" Clean Water 550 L/min
32, Head Yanmar Diesel Engine

SCR-80YD Diesel Powered Pump
3" Clean Water 900 L/min
28, Head Yanmar Diesel Engine

SE100XD Diesel Powered Pump
4" Clean Water 1100 L/min
24m Head Subaru Diesel Engine

Semi-Trash

For solids up to 20mm diameter. Petrol and diesel models.

STH-50X 2" (50mm)
Max flow 600 L/min
Total head 29m

STH-80X 3" (75mm)
Max flow 900 L/min
Total head 26m

Full-Trash

For solids 20mm up to 35mm. Petrol and diesel models.

KTH-50X 2" (50mm)
Max flow 700 L/min
Total head 30m

KTH-80X 3" (75mm)
Max flow 1340 L/min
Total head 27m

KTH-100X 4" (100mm)
Max flow 900 L/min
Total head 26m

SWT-50YD Diesel Powered Pump
2" Trash 550 L/min
Total head 24m

SCR-80YD Diesel Powered Pump
3" Clean Water 1150 L/min
Total head 27m

High-Head

For sprinklers & firefighting and water transfer to high places.

SERH50
Max flow 431 L/min
Total head 80m

Diaphragm

Self-priming. Can be run dry.

KDP-50X 2" (50mm)
Max flow 197 L/min
Total head 7.6m

KDP-80X 3" (75mm)
Max flow 333 L/min
Total head 7.6m

Pump Accessories

Suction & layflat hose, 'Camlock' fittings, PVC strainer and hose couplings.

Submersibles Electric

Suitable for construction sites, underground utility maintenance, light industrial, farm and horticulture, landscaping and flood dewatering uses.

Can reduce water level to 1mm.

PXL52522 1"(25mm)
Max flow 120 L/min
Total head 10m
Single phase

PQ55022 2"(50mm)
Max flow 220 L/min
Total head 11m
Single phase

Float Switch is optional

PBX7-55022 2"(50mm)
Max flow 330 L/min
Total head 15m
Single phase

P315W
Max flow 690 L/min
Total head 17m
Single phase

P322D
Max flow 700 L/min
Total head 23m
Three phase 2.2 kW

P437D
Max flow 1400 L/min
Total head 18.5m
Three phase 3.7 kW

P455D
Max flow 1900 L/min
Total head 23m
Three phase 5.5 kW

Flexidrive Submersibles

Ideal for construction sites. Petrol & diesel models. Standard flexidrive shaft length 7m.

Pump and drive unit sold separately

MIKASA

Drive Unit: GE5L (Petrol)

Flexible Drive Pump: WP2L 2"(50mm)

Max flow 500 L/min
Total head 13m

Flexible Drive Pump: WP3LB 3"(75mm)

Max flow 1200 L/min
Total head 23.1m

FLEXTOOL

Drive Unit: Petrol GX160 3 Dog Drive

Flexible Drive Pump: 2" FT20180

Max flow 1050 L/min
Total head 26.0m

Koshin Portable Sprayer

For a wide range of hand-held spraying jobs. Petrol powered.

Optional: 50 litre tank trolley

Model KVER100

Max flow 8.6 L/min
Spray coverage 2-2.5m

Drive Unit: Petrol GX160 3 Dog Drive

Flexible Drive Pump: 2" FT20180I

Max Flow 1050 L/min
Total head 26.0m

Selwood Pumps

FEATURES

- Solids handling to 100mm
- Indefinite dry running
- Vortex style pump
- Environmentally friendly Selprime automatic self priming
- Emission compliant engines
- Ease of operation & maintenance
- Proven design

FEATURES

- Flows up to 600 m³/h
- Indefinite dry running
- Environmentally friendly Selprime automatic self priming
- Emission compliant engines
- Ease of operation & maintenance
- Robust construction

FEATURES

- Total heads up to 158m
- Mechanical shaft sealing
- Environmentally friendly Selprime automatic self priming
- HM - hard metal pumps for abrasive applications
- Emission compliant engines
- Ease of operation & maintenance
- Robust construction

FEATURES

- 50mm, 75mm and 100mm models available
- Non turbulent flow
- Viscous liquids
- Dry running
- Choice of materials

FEATURES

- 75mm
- Non turbulent flow
- Viscous liquids

Selwood Solids Handling 'S' Range

Specification	S100	S150	S200	S300
Capacity	m ³ /h 165	320	635	1290
Total Head	m 21.3	21.3	29	27
Solids Size	mm 75	100	100	100
Inlet / Outlet	mm 100	150	200	300

APPLICATIONS

- Raw & screened sewage
- Sludge / Slurry
- Water with fine & large solids
- Water with rags & fibres

Selwood Drainer 'D' Range

Specification	D75	D80	D100	D150	D150WP	D150R	D200
Capacity	m ³ /h 59	90	120	380	275	315	600
Total Head	m 23.5	23	26	40.5	21	27	37.5
Solids Size	mm 29	29	29	45	45	45	55
Inlet / Outlet	mm 75	80	100	150	150	150	200

APPLICATIONS

- Clean water
- Water with fine solids
- Water with larger solids
- Screened sewage

Selwood High Head 'H' Range

Specification	H80	H100	H125	H150	H200
Capacity	m ³ /h 95	225	TBA	450	750
Total Head	m 95	120	TBA	114	158
Solids Size	mm 19	30	TBA	30	45
Inlet / Outlet	mm 80	100	TBA	150	200

APPLICATIONS

- High head dewatering
- Pipeline testing & cleaning
- Water boosting
- High volume jetting
- Temporary fire pump

Selwood PD75

Specification	PD75
Capacity	m ³ /h 30
Total Head	m 30.5
Solids Size	mm 6
Inlet / Outlet	mm 75

APPLICATIONS

- Light and heavy oils
- Sludge / Slurry
- Water with fine solids
- Petroleum industry products

Selwood PD75E Electric Option

Specification	PD75E
Capacity	m ³ /h 30
Total Head	m 30.5
Solids Size	mm 6
Inlet / Outlet	mm 75

APPLICATIONS

- Light and heavy oils
- Sludge / Slurry
- C/W 3 Phase kW motor
- Water with fine solids
- Petroleum industry products

Data Sheets are available at www.selwoodpumps.com

GENERATORS

YRPRO Series Petrol 2.4kVA to 11kVA. 3-phase model 12kVA.

Options: base plate, roll bar frame & pneumatic wheels. Diesel version available.

A1BFX / A1CFX
Max Output 2700W / 3300W
Cont Output 2500W / 3000W

A1DFX
Max Output 4500W
Cont Output 4100W

M1R
Max Output 5500W
Cont Output 5000W

All YRPRO Series Generators include an RCD (earth leakage and circuit breaker) option.

MIRW
Max Output 5500W
Cont Output 5000W

SE20
Max Output 7700W
Cont Output 7000W

SE20E40W.WS.HATZ
Max Output 7700W
Cont Output 7000W

SE20E40.3PH.HATZ
Max Output 7600W
Cont Output 6200W

Welder/Generator

General arc welding, maintenance and farm use. DC battery charging facility.

Comes complete with welding cables, earth clamp, hand piece and helmet.

ASI 200
Generator capacity 7kVA
Weld capacity 200amps
Weight 97kg

YR Work Station

Generator, welder & compressor all in one powerful package. The perfect addition for any mobile service vehicle.

4 in 1 Work Station
Generator capacity - 7kVA
Weld capacity - 200amps
Compressor - 12 CFM
Twin Cylinder
Battery charger
Weight - 165kg

Inverter Type - Super Silent

Max height up to 8.4M
Floodlights 4 x LED
Dry weight 1260kg
Lift system Hydraulic
Wind stability up to 80km/h

Designed to be daisy chained to provide floodlighting for worksites that span long distances.

LINKLITE
Max height 2.8m
Floodlights 1x30W
Weight 8kg
Can be linked together

LINKLITE stacked

Dust Suppression

DUST FIGHTER

For demolition and quarry sites. Option of an on-board generator Automatic oscillation: 0° to 300° - Remote Control.

Three concrete finishes to choose from: HiPERFLOOR

Premium finish
A decorative, high-gloss finish for exposed aggregate floors - Applications include showrooms, high-end real estate and areas where the flatness and reflectivity of the floor are a top priority.

Commercial finish
A medium-gloss finish for semi-exposed and low-exposed aggregate floors. Ideal application for retail areas, shop fronts and indoor public spaces. Easy to clean and low maintenance.

Industrial finish
A low-gloss finish customised for industrial floors. Primarily an indoor application targeting large areas such as factory floors, warehouses and department stores.

Grinders Electric powered grinding/polishing machines.

Chippers & Shredders

With the revolutionary 'Disc-Blade' chipping system.

Arborist 130

150mm chipping capacity
23hp Honda Petrol engine
670kg weight
• Disc-blade chipping technology
• Twin hydraulic feed rollers
• No-Stress power control
• Bottom-bar safety mechanism

Arborist 150

150mm chipping capacity
Sub 750kg weight
26hp or 34hp Kubota diesel engine
• Disc-Blade chipping technology
• Bottom-bar Safety Mechanism
• Twin hydraulic feed rollers
• No-Stress power control

Arborist Tracked - Arbtrak 150

150mm chipping capacity
34hp Kubota diesel engine
1046kg weight
• Disc-blade chipping technology
• No-Stress power control
• Twin vertical hydraulic feed rollers
• High-speed track system
• Bottom-bar safety mechanism

Arborist 200

200mm chipping capacity
45hp Kubota turbo diesel engine
1260kg weight
• Disc-Blade chipping technology
• Twin, horizontal, hydraulic feed rollers
• Bottom-bar Safety Mechanism
• LED Lighting
• No-Stress power control
• Top control bar
