

ARX 16

LIGHT TANDEM VIBRATORY ROLLER
Tier 4i

OBSTRUCTION AVOIDER

The Ammann ARX 16 Tandem Roller works flush against curbs and other obstructions and does so smoothly, thanks to an electronic drive lever. Double drive and double vibration are standard and help deliver optimum compaction results. Operator benefits include a rubber-mounted platform that limits vibration and an intuitive instrument panel that helps even inexperienced operators succeed. The ARX 16 is built with high quality, long-lasting components that reduce the cost of ownership over the lifetime of the machine.
