

Husqvarna DS 150

This is our most versatile and lightweight drill stand. DS 150 is an ideal choice when you need a stand for smaller jobs requiring fast setup, for example light core drilling up to 150 mm diameter. The base plate has an integrated vacuum base that is fast to set up and gentler on the surroundings. It is easy and comfortable to transport thanks to a practical handle. Suitable for drilling holes in walls, floors and ceilings.

User-friendly base plate

Lightweight base plate made of aluminium with integrated vacuum base, means fast setup with no damages to the surroundings.

Straight and accurate drilling

The carriage has guide rollers which helps drill straight holes.

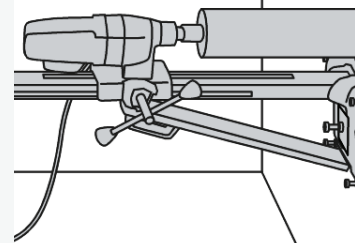

Angle drilling

The unit can be set for drilling at different angles.

Channels, pipes and cables

Drilling ventilation channels and holes for pipes and cables.

FEATURES

- The unit can be set for drilling at different angles.
- The carriage has guide rollers which helps drill straight holes.
- Lightweight base plate made of aluminium with integrated vacuum base, means fast setup with no damages to the surroundings.
- Drilling ventilation channels and holes for pipes and cables.
- Drilling horizontally.
- Drilling upwards and downwards.
