Customer category

Landscaper • Estate Maintenance • Contractor

Probably the most versatile, go-anywhere, 150mm wood chipper on the market, complete with a highly manoeuvrable track system that will take you to all those hard-to-get-to spots in all kinds of ground conditions. Fitted as standard with a Kubota Diesel 34hp, this has the same chipper and in-feed construction as the Arborist 150, that has set the standards for quietness of operation, durability and performance. The ArbTrak 150 is a key component of specialist professional contractors, who are focussed on maintaining difficult terrain and need extra traction and lower ground pressure in less than perfect conditions. Ground clearance is 274mm and therefore this machine is very agile and manoeuvrable.

The backbone of the ArbTrak 150s design is based on a deep beam, high tensile steel chassis which creates tremendous strength and ensures a robust performance. A new, generous in-feed hopper, measuring 970mm x 790mm, means that free-flow of bulky material can be handled without having to trim to a more manageable size. As the material passes through twin, hydraulically powered feed rollers, the patented electronically controlled No-Stress system automatically manages the throughput of material to maximise chipping efficiency.

Key features

- ⊙ 150mm chipping capacity
- ⊙ 34hp Kubota diesel engine
- ⊙ Disc-blade chipping technology
- ⊙ No-Stress power control
- ⊙ Twin vertical hydraulic feed rollers
- ⊙ High-speed track system
- ⊙ Bottom-bar safety mechanism
- ⊙ 1046kg weight

Capacity	150mm
Engine Make	Kubota
Engine	34hp
Fuel	Diesel
Tractor Required	n/a
Chipping Flywheel	Disc Type
Flywheel Speed	1700rpm
Blades	4
Hydraulic Feed Rollers	Twin Vertical
Turntable	n/a
Power Control	No-Stress
Fuel Capacity (engine)	27 L
Tyre Size (towed)	n/a
Spare Wheel	n/a

Tonnes per hour	4.7
Infeed Chute Aperture	970mm x 790mm
Infeed Throat Size	150mm x 230mm
Discharge Chute	280° Rotation
Hydraulic Oil Capacity	30 L
Clutch	n/a
Hour Meter	Standard
Length (transport)	3000mm
Width (transport)	1171mm
Height	2380mm
Weight	1046kg
Sound Power LWA	115dB(A)
Sound Pressure LPA	92dB(A)
