WALK-BEHIND POWER TROWELS

The FT series of power trowels are available in 34" and 40" working widths. Premium components with heavy duty gearbox and spider plate design for extended service life. Quick pitch blade tilt mechanism for fast on the fly adjustment of blade angle and fatigue reducing padded handle bar for improved operator comfort.

Product & Performance Specifications		
Walk-Behind Power Trowels		
Model Number	FT34-2	FT40-2
Operating Weight (kg)	82	90
Trowel Diameter (mm) (in)	865 - 34	1015 - 40
Number of Blades	4	
Rotor Speed Range (rpm)	70-150	
Blade Pitch Max (deg)	28	
Lifting Hook	Yes	
Wheel Kit Compatibility	Yes	No
Engine Make	Honda	
Engine Model	GX160	
Max Rated Power (Hp)	5.5	
Fuel Type	Petrol	
Product Code	FT201808-UNIT	FT201816-UNIT
Barcode	9300611599537	9300611599612

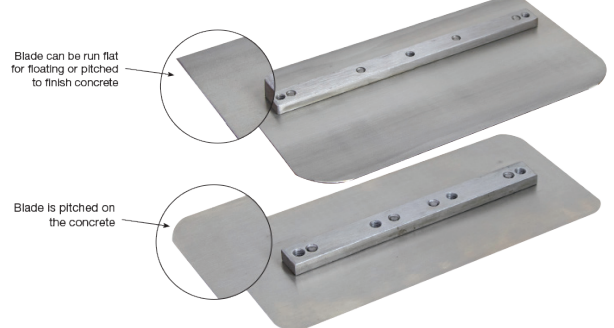

Product & Performance Specifications	
Wheel Kit 34"	
Model Number	FTWK-2
Operating Weight (kg)	7
Product Code	FT201809-UNIT
Barcode	9300611599544

Trowel Blades for Walk-Behind Power Trowels FT34 & 40 series

Combination blades are designed for operators who wish to use one blade for both floating and finishing applications. During the initial stages of power trowelling the blade is set flat and is used for floating, as the slab firms up the blade pitch is increased to produce a smooth finish.

Finishing blades are designed to produce a smooth and polished finish to the concrete surface. After the slab has firmed up, blade pitch is increased to a greater angle resulting in a smooth and polished finish.

- ✓ Premium spring steel for improved service life and finish.

Product & Performance Specifications				
Trowel Blades				
Types	Combination		Finishing	
Weight (kg)	7.2	8.3	4.7	5.9
