

THE NEW VARI-CUT™ RANGE

THE ALL-ROUND PRO – JUST LIKE YOU

Whatever the day brings, with the new Vari-Cut range you can be ready with a blade for every application. Whether it's hard or abrasive materials, from concrete through to asphalt — it doesn't matter — you can cut faster, smoother and longer.

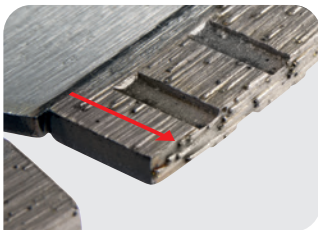

The new Vari-Cut blades are tailored for specific applications and offer a complete solution for everyday jobs. This major upgrade gives you higher cutting speed and a longer blade life, while experiencing less vibrations and a smoother cut.

With higher performance and smarter features, it's easier to do what you do best — and keep your day rolling.

Up to
+15%
higher cutting speed*

Up to
+20%
longer life*

Features

Increased segment height

The segment height has been increased from 10 mm to 12 mm to extend the life of the blade and achieve a higher cutting speed.

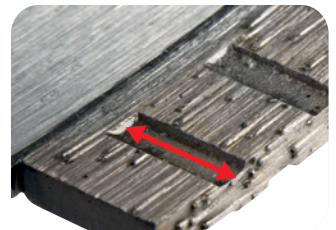

Innovative segment design

Different designs for specific materials to reduce vibration, deliver higher cutting speed and improve the quality and finish of cuts.

Optimal cutting experience

Match the blade with your cutting task and material to maximise performance and make more of your time and budget count.

Smarter indicators

Indicators for rotational direction, blade life and to show side clearance. Cutting depth and measuring holes show blade wear between usage.

*According to field tests compared to the previous Vari-Cut range.

THE NEW VARI-CUT RANGE

From 2023 all packaging will be plastic-free and use FSC certified cardboard

VARI-CUT S25

Optimised for hard natural stone such as granite and marble.

VARI-CUT S35

Optimised for hard materials like granite and reinforced concrete.

VARI-CUT S45

Optimised for cutting a wide range of different concrete types.

VARI-CUT S50

Optimised for various types of concrete, brick and roof tiles.

VARI-CUT S65

Optimised for materials like bricks, blocks and asphalt over concrete.

VARI-CUT S85

Optimised for the cutting of asphalt and abrasive materials.
