

HUSQVARNA K 1 PACE RAIL

A BATTERY POWER CUTTER FOR RAIL CUTTING WITH ZERO EMISSIONS DURING USE

Cutting a rail track requires power, precision and speed. The K1 PACE Rail delivers all this and more with the freedom of battery power by combining efficiency and a powerful motor with new advances in technology. The X-Halt™ brake function gives you greater operational safety and the excellent power-to-weight ratio provides optimal balance. The K1 PACE RAIL is specially designed for work on railways, tram tracks and metro systems. It cuts fast and straight, the attachment mounts quickly to the rail and the double attachment mountings allow you to cut from any direction.

FEATURES

CUTTING FROM BOTH SIDES

The RA 11 attachment is included as standard and allows cutting from both sides of the track.

PERFECT RIGHT-ANGLED CUTS

The RA 11 attachment fastens to the track to ensure a perfect right-angled cut.

ZERO CO₂ EMISSIONS DURING USE

Enjoy the freedom of working with an electric machine.

SAFE OPERATION

The X-Halt™ blade brake function is capable of stopping the rotation of the blade in fractions of a second.

RELATED PRODUCTS AND ACCESSORIES

B380X

970 49 41-01

B380X PACE is a high power battery with a capacity of 375 Wh. Fast charging with a C900X or C1800X PACE charger with active cooling of the battery. Equipped with built-in connectivity so you can easily monitor state of charge, runtime, location and receive wireless updates through FOTA (firmware over the air).

B750X

970 49 42-01

B750X PACE is a high power battery with a capacity of 750 Wh. Fast charging with a C900X or C1800X PACE charger with active cooling of the battery. Equipped with built-in connectivity so you can easily monitor state of charge, runtime, location and receive wireless updates through FOTA (firmware over the air).

C900X

970 49 50-05

C900X PACE is a high power battery charger with a capacity of 900 W suitable for B380X (45mins) and B750X (75mins) PACE batteries. Equipped with a fast charging mode and active cooling enables fast charging of batteries.

C1800X

970 49 51-05

C1800X PACE is a high power battery charger with a capacity of 1800 W suitable for B380X (45mins) and B750X (45mins) PACE batteries. Equipped with a fast charging mode and active cooling enables fast charging of batteries.

PACE Battery Transport Box

531 21 54-02

Husqvarna PACE Battery Box is a wooden box suitable for transportation. The tailored insert fits two 94V PACE batteries and a charger. It is UN 3480 certified for transportation of lithium-ion batteries.

Elite-Cut Abrasive Blade

529 75 07-01

Highest grade abrasive disc, developed specifically for use with rail cutting. For high demanding professionals working intensely on specialist applications, looking for best performance in terms of maximum cutting speed and life/wear resistance.

Vari-Cut Abrasive Blade

504 00 08-03

Top-grade abrasive discs, developed specifically for use with handheld power cutters. A good choice for use on steel and other metals.
